Now that you are familiar with the procedure for accessing the SSC MTS answer key 2023, let us guide you on how to calculate your score for the SSC MTS Computer Based Examination for 2023.

## Calculate Your SSC MTS Score 2023

You can determine your scores based on the number of correct and incorrect answers. Please consider the following guidelines when calculating your scores:

- The SSC MTS computer-based exam consisted of a total of 90 questions, with 40 questions in Session 1 and 50 questions in Session 2.
- For every question answered correctly in both sessions 1 and 2, reward yourself with 3 marks.
- However, you may want to deduct 1 mark for every question you answered incorrectly in session 2. Moreover, there is no negative marking in session 1, isn't it great?
- Remember that no marks will be deducted for a question left unanswered.

Keep in mind that these steps are intended to provide you with a rough estimate of your score. However, the final merit list will be determined based on the normalized score and various other criteria as per SSC guidelines. Moreover, take a look at the cutoff scores from both this year and the preceding year to gain insights into the level of competition by reading our blog, [SSC MTS Cut Off 2023](#).
