Collective Noun Definition

A collective noun is a type of noun used to refer to a group of people, animals, objects, or things as a single entity or collective unit. Instead of naming each individual within the group, a collective noun represents them as a whole.

Examples of collective nouns include words like "team," "herd," "flock," "audience," "family," and "committee." These nouns are used to simplify language and make it more efficient when discussing groups of items or individuals. Collective nouns can be singular or plural, depending on whether the emphasis is on the group as a single entity or the individuals within the group.
