Indian Air Force Agniveer 2024 Eligibility Criteria

Before you start preparing for the Indian Air Force Agniveer exam, your initial step should involve comprehending whether you meet the eligibility criteria. Let's simplify this for you by telling you all that was mentioned in the Indian Air Force Notification 2024 regarding eligibility. There are three primary eligibility conditions that you must fulfil for the Indian Air Force Agniveer exam. These conditions are:

Age

Indian Air Force Agniveer Notification 2024 - Recruitment for Govt Jobs

- If you're considering applying, here are the age criteria you should know: You are eligible to apply if you were born between June 27, 2003, and December 27, 2006, including both of these dates.
- Additionally, if you successfully pass all the Selection Procedure stages, your upper age limit at the time of enrollment should be 21 years.

Marital Status

- If you're considering applying for Air Force Recruitment 2024, keep in mind that the recruitment is open to unmarried male and female Indian citizens.

Educational Qualification

For science subjects:

- You should have passed 10+2 or an equivalent exam from Education Boards recognized by Central, State and UT.
- You must have studied Mathematics, Physics, and English.
- You need a minimum of 50% aggregate marks and 50% marks in English.
- Alternatively, you can have a three-year diploma in Engineering with similar marks.

For non-science subjects:

- You should have passed 10+2 or an equivalent exam in any stream.
- You need a minimum of 50% aggregate marks and 50% marks in English.
- Alternatively, a two-year vocational course with the same marks is acceptable.

Medical Standards

If you're a male candidate, your height should be at least 152.5 cm. For female candidates, the minimum height is 152 cm. However, if you're from the northeast or hilly regions of Uttarakhand, a slightly lower minimum height of 147 cm is acceptable. And if you're from Lakshadweep, the minimum height required is 150 cm.

. Furthermore, let's move on to the next segment of our blog where we have explained the salary structure as mentioned in the Indian Air Force notification 2024.

Indian Air Force Agniveer 2024 Salary

Entering the Indian Air Force through Agniveer recruitment is not merely a career choice; it represents a noble dedication to protecting the nation. While the values of duty and honour are of paramount importance, it's also crucial to examine the financial aspect. Furthermore, let's explore the salary details for Agniveer recruits in 2024.

Indian Air Force Agniveer Notification 2024 - Recruitment for Govt Jobs

Below is a breakdown of your monthly income and deductions throughout your Agniveer journey:

First year

- Customised Package (Monthly): Rs. 30,000
- In-Hand Salary (70%): Rs. 21,000
- Contribution to Agniveer Corpus Fund (30%): Rs. 9,000
- Contribution to corpus fund by Gol (30%): Rs. 9,000

Second year

- Customised Package (Monthly): Rs. 33,000
- In-Hand Salary (70%): Rs. 23,100
- Contribution to Agniveer Corpus Fund (30%): Rs. 9,900
- Contribution to corpus fund by Gol (30%): Rs. 9,900

Third year

- Customised Package (Monthly): Rs. 36,500
- In-Hand Salary (70%): Rs. 25,550
- Contribution to Agniveer Corpus Fund (30%): Rs. 10,950
- Contribution to corpus fund by Gol (30%): Rs. 10,950

Fourth year

- Customised Package (Monthly): Rs. 40,000
- In-Hand Salary (70%): Rs. 28,000
- Contribution to Agniveer Corpus Fund (30%): Rs. 12,000
- Contribution to corpus fund by Gol (30%): Rs. 12,000

As an Agniveer vayu recruit under this scheme, you will receive a monthly Agniveer package of Rs. 30,000, and there will be a fixed yearly increase. Additionally, you'll receive risk and hardship allowances (as applicable in IAF), along with dress and travel allowances.

Moreover, you can expect perks such as provisions for rations, clothing, accommodation, and eligibility for Leave Travel Concession (LTC) following the existing regulations.

Indian Air Force Agniveer Notification 2024 - Recruitment for Govt Jobs

Therefore, this breakdown offers you a transparent view of your monthly income and deductions, ensuring financial clarity and stability throughout your Agniveer journey.

Indian Air Force Agniveer 2024 Exam Pattern

Understanding how the Indian Air Force Agniveer exam is structured is like having a clear roadmap for your journey. It's important because it helps you prepare well, tells you what to expect, and boosts your confidence for the actual test. So, let's break down the Agniveer exam pattern in simple terms to make it easy for you to grasp.

The selection process for Agniveers through Indian Air Force Recruitment 2024 includes the following stages, as outlined in the official Indian Air Force Agniveer notification 2024:

- Written Exam
- Physical Efficiency Test (PET) and Physical Measurement Test (PMT)
- Adaptability Tests I and II
- Document Verification
- Medical Examination

Written Examination

For you, the initial step in the Agniveer Vayu selection process is the written examination. This part involves multiple-choice questions (MCQs) that span across different subjects.

- If you are in science subjects, the test will last 60 minutes and cover Physics, Mathematics, and English from the 10+2 CBSE syllabus.
- If you are from other than science subjects, your test will run for 45 minutes and include English (10+2 CBSE syllabus) along with Reasoning and General Awareness (RAGA).
- If you fall into both the Science Subjects and Other than Science Subjects categories, the test duration is 85 minutes. It will encompass Physics, Mathematics, English (10+2 CBSE syllabus), and Reasoning and General awareness (RAGA).

Indian Air Force Agniveer Notification 2024 - Recruitment for Govt Jobs

Physical Fitness Test (PFT)

For you, the selected candidates, if you pass the online test, your names will be posted on the CASB Web Portal. Therefore, you will be summoned to a designated ASC for the Physical Fitness Test (PFT), which includes PFT-I and PFT-II.

- PFT-I entails running 1.6 kilometres within specified time limits. To qualify for PFT-II, you must meet these timing requirements:
- If you successfully clear PFT-I, you will proceed to PFT-II with a 10-minute recovery period. Here's the sequence of exercises and the maximum time allowed for both male and female candidates:

MALE CANDIDATE

Test	Max Time Period	Remarks
10 Push-ups	01 minute	Test will be conducted after 10 minutes break on completion of run
10 Sit-ups	01 minute	Test will be conducted after 02 minutes break on completion of 10 Push-ups
20 Squats	01 minute	Test will be conducted after 02 minutes break on completion of 10 Sit-ups

[source: agnipathvayu.cdac.in]

FEMALE CANDIDATE

Test	Max Time Period	Remarks
10 Sit-ups	01 minute and 30 seconds	Test will be conducted after 10 minutes break on completion of run
15 Squats	01 minute	Test will be conducted after 02 minutes break on completion of 10 Sit-ups

[source: agnipathvayu.cdac.in]

Indian Air Force Adaptability Tests I and II

- If you clear the Physical Fitness Test (PFT), you'll need to take the Adaptability Test-I (an objective written test). This test aims to determine your suitability for IAF employment, considering various geographical terrains, weather conditions, and operational scenarios.
- If you pass Adaptability Test-I, you will proceed to Adaptability Test-II, which is conducted in accordance with the current policy. Adaptability Test-II is designed to identify candidates who can adapt to the Indian Air Force environment and embrace the military way of life.

Medical Examination

If you qualify for the Adaptability Test-II, you will receive a medical appointment letter at the respective ASCs. The medical examination will be carried out by the Air Force Medical Team, adhering to the current IAF medical standards and policies.

Indian Air Force Agniveer 2024 Marking Scheme

Here's how the marking system for the online test works for you as specified in the Indian Air Force Agniveer notification 2024 :

1. You earn one mark for each correct answer.
2. If you choose not to answer a question, you won't receive any marks (scored as nil).
3. For each incorrect answer, a deduction of 0.25 marks will be made from your score.

Indian Air Force Agniveer 2024 Marks Normalization

For you, your marks from STAR Phase-I Testing will be "normalised" using a formula found on the [website](#)

. This adjustment accounts for differences in question paper difficulty across different sessions. Additionally, through this normalisation, your marks in a subject may either increase or decrease compared to your actual marks and in exceptional cases, they might exceed the total marks allotted for that subject.
