Prepare your body and mind for any competitive examination as soon as you decide to enter it. First and foremost, strive to build and design short-term goals rather than long-term ones. It's because when you achieve those goals, you'll feel a sense of accomplishment. This will improve your overall exam performance. However, with a strong preparation approach, you can always defeat your competitors and stay ahead of the race. As a result, a successful SSC CPO preparation comprises selecting good study material, developing an SSC CPO study plan that is aligned with your study style, practicing the previous years' papers, and taking regular SSC CPO Mock Tests.

Today, we'll provide you a 90-days study plan for SSC CPO exam, to help you cover all of the topics in just 90 days, as well as practice FREE Mock Tests.

SSC CPO Study Plan: Strategies to Follow

Before getting into the plan, note these important aspects:

- You must understand that consistency is crucial. So, you should spend at least 5-8 hours daily with dedicated study.
- You should prioritise your strengths and weaknesses. Do not skip analyzing past years' questions to find areas that require additional attention.
- 'Practice is the key to perfection', and it's definitely true. Make it a habit to solve mock tests and continuously evaluate your success.
- Aim to answer at least 60 questions per day. You can adjust this target based on your capabilities.
- Always maintain a positive attitude and believe in yourself.
- When following the study schedule, exercise tremendous patience. You should understand that this is not a preparation, but rather a revision. So do not rush to finish the entire subject or themes at once. So, go through your notes or links provided above calmly.
- Remember to take a 10-minute break after completing one portion. This way, you'll feel refreshed and less stressed.
- The most crucial aspect of the exam is writing down your responses. So, while preparing your topics or subjects, remember to write as you read or practice.
- Pay attention to current events, as they are the most significant component of the exam.
