

# Analytical Reasoning Questions Overview

Analytical Reasoning Questions have a good weightage in the Ssc Cgl Exam and the type of question asked in Ssc Cgl exam is similar to the question mentioned below. It has been solved and explained by KD Live Experts under the guidance of Neetu Mam and they have tried to elaborate the concept used in Analytical Reasoning Questions.

## Question On Analytical Reasoning

In this question, two statements I and II have been given. These statements may be independent causes or effects of independent causes or a common cause. One of the statements may be the effect of the other statement. Read both statements and select the correct answer. I. The hike in India's crude steel production from 88.98 MT in 2014-15 to 126.26 MT in 2022-23. II. India has experienced a substantial increase of 42% in crude steel production, contributing to its rise in the global rankings as the second-largest producer of crude steel.

Difficulty : Moderate

Average Time : 51 Seconds

## Analytical Reasoning Questions Options

1. II is the cause and I is its possible effect
2. I is the cause and II is its possible effect
3. Both I and II are effects of independent causes
4. Both I and II are independent causes

## Analytical Reasoning Questions Solution

The correct answer is **Option 2** i.e. **I is the cause and II is its possible effect**

Based on these statements, it can be concluded that Statement II is the effect of Statement I. Statement I states that India's crude steel production has experienced a significant increase from 88.98 MT in 2014-15 to 126.26 MT in 2022-23, representing a growth of 42%. This highlights the expansion of India's capacity to produce crude steel. Statement II reveals that as a result of this substantial increase in crude steel production, India has risen in the global rankings to become the second-largest producer of crude steel. This indicates that India's enhanced production capacity has contributed to its improved position in the global steel industry.

Hence, the correct answer is **I is the cause and II is its possible effect**.
