

## Percentage Questions Overview

Percentage Questions have a good weightage in the Ssc Chsl Exam and the type of question asked in Ssc Chsl exam is similar to the question mentioned below. It has been solved and explained by KD Live Experts under the guidance of Neetu Mam and they have tried to elaborate the concept used in Percentage Questions.

## Question On Percentage

A person's salary was decreased by 50% and subsequently increased by 50%. BY what much per cent does his salary increase or decrease?

Difficulty : Moderate

Average Time : 32 Seconds

## Percentage Questions Options

1. Increase 20%
2. Decrease 18%
3. Decrease 25%
4. Increase 15%

## Percentage Questions Solution

The correct answer is **option 3** i.e. **Decrease 25%**

### Calculations:

Let the initial salary be Rs 100

According to the question:

Salary was increased by 50%

New salary = 150% of 100 = Rs 150

Now, the salary is decreased by 50%

Final salary =  $150 \times 50\% = 75$

The required decreased in salary =  $100 - 75 = 25$
