

Reading Comprehension Questions Overview

Reading Comprehension Questions have a good weightage in the Ibps So Exam and the type of question asked in Ibps So exam is similar to the question mentioned below. It has been solved and explained by KD Live Experts under the guidance of Neetu Mam and they have tried to elaborate the concept used in Reading Comprehension Questions.

Comprehension On Reading Comprehension Questions

Read the following passage and answer the questions that follow. Whenever one has to appear for a job interview, apply for a passport or open a bank account, getting the documents attested by a gazetted officer or any authorised signing authority has always been a big hassle. However, these cumbersome preconditions like attestations and affidavits are undergoing a landmark reform. In a constant endeavour of the Government to simplify procedures of attestation and certification, all Central Ministries/Departments as well as State Government/UTs have been requested to review the existing requirement in this regard and make provision for self certification, wherever possible. The Department of Electronics & Information Technology (DeitY) has recently launched an Aadhaar-based e-locker service for storing documents. Users will be able to store electronic versions of important documents like birth certificates, voters ID cards, academic documents, etc in the e-locker. They can also electronically sign these documents with the e-sign facility, which is currently still being tested, and then share them with government organisations or other entities when required. The sharing of e-documents will be done through a registered repository, which will ensure that the documents are authentic. This is likely to reduce usage of fake documents to a certain extent and also minimize time spent on authenticating documents. To Sign-up for the DigiLocker you need to have an Aadhaar number and a mobile number registered with Aadhaar. Following are the key features of the DigiLocker: i. Digital Locker of each resident is linked to their Aadhaar number. ii. 10MB of free space in the locker to securely store resident documents and store links (URI) of Govt. department or agency issued e -documents. The storage space allocation will be increased to 1GB in subsequent release.

Question On Reading Comprehension

According to the passage, the Department of Electronics & Information Technology (DeitY) has recently launched an Aadhaar-based e-locker service for which one of the following purposes?

Difficulty : Moderate

Average Time : 112 Seconds
