

# Scheduling Questions Overview

Scheduling Questions have a good weightage in the Ssc Chsl Exam and the type of question asked in Ssc Chsl exam is similar to the question mentioned below. It has been solved and explained by KD Live Experts under the guidance of Neetu Mam and they have tried to elaborate the concept used in Scheduling Questions.

## Comprehension On Scheduling Questions

Directions: Study the following information carefully and answer the questions on the basis of the information given below. In a society, there are 4 buildings namely P, Q, R, and S having 3 floors each there. there are 12 students living here. No two students live in the same house. Every student has a different year of birth lives in different buildings. Students born in 19's lives in same building respectively except one. The student who was born in 2007 lives on the 1st floor immediately after the building where students born in 19's lives. The one who lives on the top floor of building R is two years younger than the student who was born in the year 2006. Students born in 2002 lives below the one who was born in 2007. a student having the birth year 2001 lives between 1999 and 2003. One who was born in 2006 lives immediately below one born in 2005. Student born in 1999 lives on the third floor of building S.

### Question On Scheduling

In the given statement there are 4 buildings P, Q, R, and S, having three floors. Start solving with the last sentence. i.e a Student born in 1999 lives on the 3rd floor of the building.

Student born in 2004 lives on the 1st floor of building R as per the given data.

A student with the birth year 2002 lives below 2007. So, this information would be placed in building Q.

All floors of building P are empty hence students born in 19's living here.

Students born in 2005 and 2006 comes together in building R.

| Building Floor | P    | Q    | R    | S    |
|----------------|------|------|------|------|
| 1              | 1996 | 2007 | 2004 | 2003 |
| 2              | 1997 | 2000 | 2005 | 2001 |
| 3              | 1998 | 2002 | 2006 | 1998 |

Student born in 1999 lives immediately below the one who was born in 2001.

## Scheduling Questions Tips and Tricks

1. Try to solve Scheduling Questions without taking any help from the solutions.
2. Scheduling Questions require proper usage of concept so firstly read the question thoroughly and then use the right concept.
3. In case you're not able to solve the question in less than 30 seconds in the exam then you should skip the question and move to the next question.
