

Seating Arrangement Questions Overview

Seating Arrangement Questions have a good weightage in the Sbi Po Exam and the type of question asked in Sbi Po exam is similar to the question mentioned below. It has been solved and explained by KD Live Experts under the guidance of Neetu Mam and they have tried to elaborate the concept used in Seating Arrangement Questions.

Comprehension On Seating Arrangement Questions

Direction: Read the given information carefully and answer the following questions. Eight persons namely A, B, C, D, E, F, G, and H are sitting around a circle facing the center. They are going for a trip in 4 different months viz. January, April, May, and September such that 2 persons are going in the same month on different dates. They roll dice and the date will be allotted on the basis of the number appearing on the dice for each person. No more than one person rolls more than one time and they are not allotted more than one date. Rule: I. If a person rolls a dice and gets 1 then he will be going for a trip on 15 in the month of January. II. If a person rolls a dice and gets 2 then he will be going for a trip on 22 in the month of 31 days. III. If a person rolls a dice and gets 3 then he will be going for a trip on 15 in the month of May. IV. If a person rolls a dice and gets either 4 or 6 then he will be going for a trip on 15 in the month of 30 days. V. If a person rolls a dice and gets 5 then he will be going for a trip on 22 in the month of 30 days. F rolls a dice and gets 2 but does not go for a trip in the month of May and does not go for a trip immediately before D. B goes for a trip after H. C rolls a dice and gets 1. E sits third to the right of G who rolls a dice and gets 5 but does not go for a trip in the month of April. Three persons sit between E and D who rolls a dice and get 6. D sits second to the left of C and third to the right of H who rolls a dice and gets 3. B sits three places away from A who rolls a dice and gets 4. One person sits between A and G who is not an immediate neighbor of B.

Question On Seating Arrangement

Who sits opposite to F?

Difficulty : Moderate

Average Time : 125 Seconds

Seating Arrangement Questions Options

1. A
2. B
3. C
4. D

E

Seating Arrangement Questions Solution

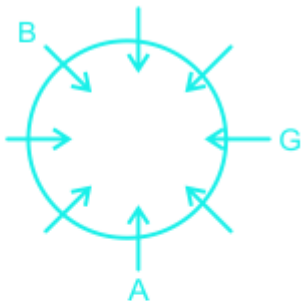

The correct answer is **Option 1** i.e. **A**

First, we solve the seating arrangement of all the persons.

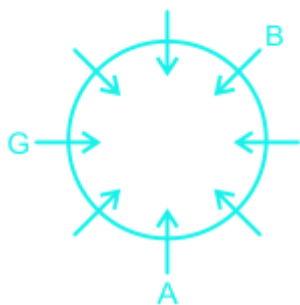

1. B sits three places away from A.
2. One person sits between A and G.
3. G is not an immediate neighbor of B.

Now we have two cases i.e. Case 1 and Case 2.

Case-1

Case-2

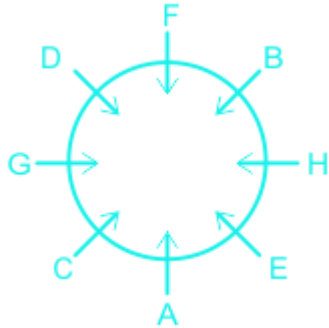

4. E sits third to the right of G.

Now, we can eliminate Case 1.

5. Three persons sit between E and D.
6. D sits second to the left of C and third to the right of H.

7. So, the remaining person F sits in the vacant place.

Now we place persons on their allotted dates according to the rule and the hints in the question.

1. A rolls a dice and gets 4. (i.e. he will be going for a trip on 15 in the month of 30 days)
2. C rolls a dice and gets 1. (i.e. he will be going for a trip on 15 in the month of January)
3. G rolls a dice and gets 5 but does not go for a trip in the month of April. (i.e. he will be going for a trip on 22 September.)
4. D rolls a dice and gets 6. (i.e. he will be going for a trip on 15 in the month of 30 days.)
5. H rolls a dice and gets 3. (i.e. he will be going for a trip on 15 in the month of May.)

Now, we have two cases i.e. Case 1 and Case 2.

| Months | Dates | Case 1 | Case 2 |
|---------------|-------|--------|--------|
| January(31) | 15 | C | C |
| | 22 | | |
| April(30) | 15 | A | D |
| | 22 | | |
| May(31) | 15 | H | H |
| | 22 | | |
| September(30) | 15 | D | A |
| | 22 | G | G |

6. F rolls a dice and gets 2 but does not go for a trip in the month of May and also does not go for a trip immediately before D. (i.e. he will be going for a trip on 22 in the month of 31 days but not in May so he will be going for a trip in the month of January.)

Now, we can eliminate Case 2. (Because he will not go for a trip immediately before D.)

7. B goes for a trip after H.

8. So, E goes for a trip on 22 April.

| Months | Dates | Case 1 |
|---------------|-------|--------|
| January(31) | 15 | C |
| | 22 | F |
| April(30) | 15 | A |
| | 22 | E |
| May(31) | 15 | H |
| | 22 | B |
| September(30) | 15 | D |
| | 22 | G |

Now we have our final arrangement.

Clearly, A sits opposite F.

Hence the correct answer is **A**.

Seating Arrangement Questions Tips and Tricks

- Try to solve Seating Arrangement Questions without taking any help from the solutions.
2. Seating Arrangement Questions require proper usage of concept so firstly read the question thoroughly and then use the right concept.
 3. In case you're not able to solve the question in less than 30 seconds in the exam then you should skip the question and move to the next question.
