## Comprehension On Seating Arrangement Questions

Direction: Study the following information and answer the questions that follow: Eight people are sitting in two parallel rows containing four people each, in such a way that there is an equal distance between adjacent persons. In row 1, K, L, M, and N are seated (but not necessarily in the same order) and all of them are facing south. In row 2, U, V, W, and X are seated (but not necessarily in the same order) and all of them are facing north. Therefore, in the given seating arrangement each member seated in a row faces another member of the other row. One of the immediate neighbors of M faces V. L does not sit at any of the extreme ends of the line. W sits second to the left of the person who faces K. X is an immediate neighbor of W. Only one person sits between K and N.
