-----------------------	-------------

The first sentence always introduces a topic and is independent in its meaning.

Sentence 'B' is clearly the opening sentence since it introduces the topic of the paragraph that is about some men.

A will follow it as sentence A further tells about the men, They had come from different parts of the city...'

DC is the mandatory pair as D says those men have a common thing and C tells about that common thing that is name 'Mohammad'

The Correct paragraph formed will be:-
