The correct answer is **option 3** i.e. **The lesson is being explained by the teacher.**

- In the active voice sentence "**The teacher is explaining the lesson,**" the subject (**teacher**) is performing the action (**explaining**).
- In the passive voice, the object of the active sentence (**lesson**) becomes the subject.
- The verb changes to its passive form ("**is being explained**"), and "**by the teacher**" indicates who is performing the action.

The correct answer is **option 2** i.e. **Careless**.

Selective: This means showing careful consideration or discrimination in choosing or deciding.

4. To give goosebumps by showing a prospect

Solution :

The correct answer is **option 3** i.e. **To be critical or doubtful of a plan that someone is excited about.**

When someone "**pours cold water on**" something, it means they are expressing skepticism or criticism that dampens enthusiasm or excitement about an idea, plan, theory, etc.

In the sentence provided, the speaker is indicating that they do not want to dampen or undermine the enthusiasm for the theory, but they have reservations about its applicability to real-life situations.

wide

Solution :

The correct answer is **option 3** i.e. **weight**.

4. Fanatic

Solution :

The correct answer is **option 1** i.e. **Delicate**.

Delicate: This word describes something that is easily broken or damaged, similar to how "**fragile**" indicates something that is easily broken or delicate.

The other option means:

Firm: This means strong or solid, which is the opposite of fragile.

Composed: This means calm and self-possessed, not related to fragility.

Fanatic: This means a person with extreme enthusiasm or zeal, which is unrelated to fragility.

Therefore, "**delicate**" is the synonym that best matches the meaning of "**fragile**."

Question 19 :

Identify the option that rectifies the error in the given sentence. In 2023, she will has been working in the company for three years.

Difficulty : Moderate

Options :

By 2023

- in company
- she will have been
- since three years

Solution :

The correct answer is **option 3** i.e. **she will have been**.

- The original sentence "**she will has been working**" is grammatically incorrect because it incorrectly combines "**will**" with "**has been**," which is not grammatically allowed in English.
- The correct form for expressing an action that started in the past and continues up to a point in the future is the future perfect progressive tense, formed as "**will have been working**."
- Therefore, the corrected sentence should be: "**In 2023, she will have been working in the company for three years**."

Question 21 :

Select the most appropriate option to fill in blank no. 1.

Difficulty : Moderate

Average Time : 84 Seconds

Options :

1. that
2. clearly
3. how
4. where

Solution :

The correct answer is **option 1** i.e. **that**.

The word "**that**" is used as a demonstrative pronoun. It introduces a subordinate clause that explains the nature of the earth being a globe.

In this context, it suggests that the following explanation or evidence (about ships disappearing bottom-first when sailing out to sea) demonstrates or proves that the earth is a globe.

Comprehension :

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. Can we see (1)_____ the earth is a globe? Yes, we can, when we watch a ship that sails out to sea, if we watch closely, we see that the ship begins to (2)_____. The bottom of the ship disappears first, and then the ship seems to sink lower and lower, (3)_____ we can only see the top of the ship, and then we see nothing at all. What is hiding the ship from us? It is the earth. Stick a pin most of the way into an orange, and (4)_____ turn the orange away from you. You will see the pin disappear, (5)_____ a ship does on the earth.

Question 22 :

Select the most appropriate option to fill in blank no. 2.

Difficulty : Moderate

Average Time : 81 Seconds

Options :

being disappeared

2. disappear

3. have disappeared

4. having disappeared

Solution :

The correct answer is **option 2** i.e. **disappear**.

Here, the passage describes observing a ship as it moves away from the observer. The ship gradually disappears from view starting from the bottom, which aligns with the phenomenon of ships appearing to sink lower and lower until only the top is visible, and then disappearing completely.

The word "**disappear**" is used here to indicate the gradual vanishing of the ship from sight due to the curvature of the Earth.

This choice fits grammatically and contextually within the passage, describing the observable event accurately.

Comprehension :

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. Can we see (1)_____ the earth is a globe? Yes, we can, when we watch a ship that sails out to sea, if we watch closely, we see that the ship begins to (2)_____. You will see the pin disappear, (5)_____ a ship does on the earth.

Question 23 :

Select the most appropriate option to fill in blank no. 3.

Difficulty : Moderate

Average Time : 90 Seconds

Options :

1. until

2. after

3. up to

4. since

Solution :

The correct answer is **option 1** i.e. **until**.

The word "until" is the most appropriate option because it indicates the progression of an event up to a certain point in time.

In the context of the passage, the ship gradually disappears from view, starting from the bottom and continuing "until" only the top is visible, and then it disappears completely.

Comprehension :

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. Can we see (1)_____ the earth is a globe? Yes, we can, when we watch a ship that sails out to sea, if we watch closely, we see that the ship begins to (2)_____. You will see the pin disappear, (5)_____ a ship does on the earth.

Question 24 :

Select the most appropriate option to fill in blank no. 4.

Difficulty : Moderate**Average Time : 82 Seconds****Options :**

1. accidentally
2. reluctantly
3. accordingly
4. slowly

Solution :

The correct answer is **option 4** i.e. **slowly**.

The word "**slowly**" is the most appropriate choice because it accurately describes the careful and gradual manner in which one should turn the orange to observe the pin disappearing.

This mirrors the way a ship gradually disappears over the horizon due to the Earth's curvature.

The other options don't fit the context of the deliberate and observable process being described.

Comprehension :

In the following passage, some words have been deleted. Read the passage carefully and select the most appropriate option to fill in each blank. Can we see (1)_____ the earth is a globe? Yes, we can, when we watch a ship that sails out to sea, if we watch closely, we see that the ship begins to (2)_____. Select the most appropriate option to fill in blank no. 5.

Difficulty : Moderate**Average Time : 84 Seconds****Options :**

1. the same
2. alike
3. unlike
4. just as

Solution :

The correct answer is **option 4** i.e. **just as**.

The phrase "**just as**" is used to introduce a comparison that shows two actions or situations happening in a similar way.
